

Podcast Studio Rate Card

All WIDEO.co.uk podcast sessions include video as standard.
The difference is how finished you need the recording to be.

HOURLY SESSION OPTIONS

rec

Studio Video Record

£70 per hour

Minimum booking: 1 hour

For people who know what they want to record and have someone to edit it afterwards. Includes studio time, lighting, cameras, microphones, video and audio recording, basic technical setup and separate camera/audio files supplied after the session.

Does not include live vision mixing, editing, syncing, titles, graphics, audio clean-up, clips or publishing support.

mix

Vision-Mixed Record

£110 per hour

Minimum booking: 1 hour

For people who want a more polished recording without a full edit. Includes everything in Studio Video Record, plus a live vision-mixed programme recording, switching between cameras as the conversation happens. You receive a single watchable video file, plus separate camera/audio files if needed.

host

Produced Vision-Mixed Session

£150 per hour

Minimum booking: 2 hours

For people who want the conversation to feel natural, confident and useful. Includes everything in Vision-Mixed Record, plus help shaping the conversation, guiding the structure, supporting nervous guests and hosting/interviewing by Darren if needed.

With nearly 40 years of broadcast experience, Darren helps keep the conversation on track, succinct and engaging. That saves recording time, reduces editing time and makes the final episode better for your audience.

BATCH RECORDING PACKAGES

cal

Half-Day Podcast Batch

£750

Record up to 3 x 30-minute episodes or 2 x 1-hour episodes. Includes video and audio recording, live vision-mixed master recordings, producer support, light structure and clean files supplied.

cal

Full-Day Podcast Batch

£1,500

Record up to 6 x 20-30 minute episodes or 4 x 1-hour episodes in one day. Includes video and audio recording, live vision-mixed master recordings, producer support, light structure, hosting by Darren if needed and clean files supplied.

Add-ons & booking info overleaf

ADD-ONS

Edited Episode Add-on

from **£100** per episode

For people who want a finished episode ready to publish.

If your episode is recorded with WIDEO.co.uk producer support, the edit is guaranteed to be no more than £100 per episode, because the conversation has already been kept tighter, cleaner and easier to shape.

For record-only sessions without producer support, editing starts from £100 per episode, depending on how much tidying, fixing and restructuring is needed.

Content Clip Pack

£87 per episode

One good podcast can often generate up to 10 short clips for LinkedIn, Instagram, TikTok or YouTube Shorts.

We identify the strongest moments from the conversation and prepare them as short vertical clips using WIDEO.co.uk's bespoke in-house process.

Includes clip selection, light captions or text overlays and exported vertical files.

Includes one round of simple revisions for minor corrections, such as spelling mistakes or factual text tweaks. This is a streamlined content package rather than a bespoke editing service. Specific clip requests, custom fonts, detailed styling changes, re-edits, reordering, new clip selections or manual editing changes are quoted separately.

BOOKING TIMES AND OVERRUNS

- Sessions are booked in hourly blocks.
- Please allow enough time for arrival, setup, recording, breaks, guest changeovers and wrap-up.
- If your session runs beyond the booked time, the next hourly block may be charged in full.
- All sessions include reasonable setup and file handoff.
- Complex setups, additional guests, remote contributors, unusual formats or extended file preparation may be quoted separately.

Need something bespoke?

Ask about custom packages for extra guests, remote contributors, series recording or campaign content.
